

the seaweed song

there is seaweed in the ocean
there is seaweed in the sea
i am told it's rather tasty
on toast and with some tea

seaweed, well, did you know
seaweed, it's everywhere you go

there is seaweed in your cookies
there is seaweed in your jam
there is seaweed in your cheese spread
there is seaweed in your ham

there is seaweed in your eggnog
there is seaweed in your shake
there is seaweed in your ketchup
even in the pie you bake

seaweed, well, did you know
seaweed, it's everywhere you go

there is seaweed in your custard
there is seaweed in your cake
there is seaweed in your mustard
there is seaweed in your flakes

there is seaweed in your syrup
there is seaweed in your bread
and when you take a shower
you put seaweed on your head

seaweed, well, did you know
seaweed, it's everywhere you go

there is seaweed in your toothpaste
there is seaweed in your creams
there is seaweed in your hairgel
it is everywhere it seems

sometimes it makes me wonder
these questions comes to me
if we're using all this seaweed
is there seaweed in the sea?

seaweed, well, did you know
seaweed, it's everywhere you go
